

multistorey buildings and very tall buildings called **skyscrapers**. We have dug out coal and petroleum from inside the Earth. Our vehicles and factories release smoke and gases into atmosphere.

By putting harmful things into the air, water or land, we are damaging our Earth. This Earth is our home. We must thank the Earth for giving us a beautiful place to live.

We must keep our Earth green and beautiful. We must take care of it.

Lesson - 18

Exercises
