Dear

Hope you are fine. I went to my grandparents' place.

They live in a beautiful village. The people there are very hard-working and lead a simple life. They live in small houses. The vegetables are grown in the fields and so, they get to eat fresh vegetables. There is a river in the village where I used to swim daily. The environment was very peaceful. I enjoyed a lot. I wish you could accompany me there too.

Yours affectionately
